PROFESSIONAL SUMMARY

Certified Public Accountant with 9+ years of progressive experience in financial reporting, audit, and corporate operations analysis. Technical foundation established in external audit and manufacturing production accounting, ensuring strict adherence to IFRS/PFRS frameworks and regulatory compliance. Proven capability in establishing operational frameworks, adept at executing full-cycle accounting, standardizing month-end close procedures, and driving process improvement and cost optimization. Positioned to direct internal controls, statutory compliance, and financial reporting for corporate operations.

CORE SKILLS

- Financial reporting & financial statement preparation
- Full-cycle accounting (AP/AR, general ledger, month-end close)
- Internal controls & tax compliance
- Process improvement & cost optimization
- Inventory valuation & COGS analysis
- Audit, Risk assessment, due diligence, business analysis

WORK EXPERIENCE

Interim Finance Manager / Consultant

Corporate Clients | Aug 2024 – Present

- Directed AP/AR workflows and general ledger maintenance, ensuring 100% accuracy in financial reporting.
- Resolved an 8-month accounting backlog for corporate clients by auditing historical transactions, posting adjusting journal entries, and restoring financial integrity.
- Conducted detailed overhead analysis, reducing operational costs from 14% to 4% of sales and increasing gross profit margins.
- Administered comprehensive monthly reconciliations across multiple financial platforms, mitigating financial discrepancies.

Business Operations Analyst

Wared Logistics Group (Saudi Arabia) | Dec 2019 – Jul 2024

- Delivered comprehensive financial and operational analyses and reports to senior management, supporting informed decision-making.
- Partnered with cross-functional department heads to define critical KPIs, translating complex data into actionable financial reports.
- Restructured management reporting protocols to accelerate executive decision-making and ensure alignment on key operational goals.

Senior Auditor

Forvis Mazars in the Philippines | Feb 2018 – Jun 2019

- Evaluated financial records and working papers to guarantee strict adherence to IFRS/PFRS standards and SEC/BIR regulatory requirements, minimizing compliance risks for clients.
- Evaluated internal controls and key business processes (financial reporting, revenue, payables, inventory, payroll, taxation) to identify risks and recommend improvements.

Junior Auditor

Forvis Mazars in the Philippines | Dec 2015 – Feb 2018

- Executed substantive testing, inventory observations, and vouching of financial documents to support the completion of statutory audit engagements and validate account balances.

Production Accountant

D&L Industries, Inc. (DNL) | May 2014 – Oct 2015

- Conducted standard costing and inventory valuation for all production lines, ensuring accurate calculation of Cost of Goods Sold (COGS) and minimizing inventory reporting discrepancies.
- Executed month-end production close procedures within 3 days, preparing variance analysis reports and material usage and overhead costs.
- Reconciled work-in-progress (WIP) and finished goods inventory monthly, ensuring strict adherence to corporate internal controls.

EDUCATION & LICENSURE

- **Bachelor of Science in Accountancy**, Partido State University (Philippines) | Apr 2010 – Apr 2014
- **CPA Licensure Examination Review Program**, CPAR | May 2014 – Oct 2014
