SUMMARY: A results-driven Certified Public Accountant with extensive experience in fiscal management, financial reporting, and team leadership. I have a proven record of developing and implementing financial and operational controls that have improved efficiency, reduced costs, and enhanced reporting accuracy. I am highly proficient in a variety of ERP and Accounting Systems and have a track record of leading seamless transitions through data migration, process documentation, and user training.

WORK EXPERIENCES:

Freelance Accountant

November 2023 to Present

- Financial Planning and Analysis – identify areas for growth and risks through analysis of financial data and develop/propose strategies based on these analyses.
- Budgeting, Forecasting, and Cashflow Management
- Process streamlining/improvements to increase operational efficiency as well as align with changing reportorial and compliance requirements.
- Supported the transition from legacy systems to a newer ERP platform, ensuring that the new system meets business and compliance requirements and ensure transitions are seamless as possible.

Finance Head

March 2022 to November 2023

Concrete Stone Corporation

PMI Building, P. Ocampo cor. Cabanillas St., Makati City

- Directs and manages the financial operations of the company, including but not limited to matters relating to cash flow, regulatory compliance, financial planning and projections.
- Instituted improvements that resulted to increased efficiencies in transactions processing, reports generation and submission, and the streamlining of processes to maximize personnel competencies reducing processing times by at least 20% and personnel headcount by 10%.
- Enhanced reports to identify key drivers for growth and/or cost reduction backed by financial data, working hand-in-hand with key stakeholders to institute improvements.
- Managed relationships with key stakeholders including banks and other financial institutions, key vendors, top customers, and government agencies.
- Provided financial models and forecasts to support projections for valuation and, when needed, presented such to creditors and prospective investors and/or investment advisors.

Finance Manager

June 2019 to March 2022

hammerjack Pty. Ltd. – Philippine Branch

4F Paseo Centre, Paseo de Roxas cor. Seden St., Makati

- Prepared reports and analyses providing guidance and insights in developing and implementing business changes (e.g. identifying cost-saving measures and maximization of available resources) to adapt to changing business conditions brought about by the quarantines and pandemic.
- Provided appropriate support and direction to the Execom on matters relating to operations and the company's direction as a whole, specifically in identifying areas for growth and/or improvements, designing the reports and providing the analyses to keep track of the drivers for such.

Finance Manager (Consultant)
September 2018 – March 2019

Oni Distribution Corporation
Tao Technology Center, F. Legaspi Street, Ugong, Pasig.

- Oversaw the smooth transition from the old ERP system to a newer platform to adapt to the global requirements of the new management.
- Provided support and advise, in coordination with local tax, legal and audit advisors, in ensuring proper regulatory and other requirements are met for the new ownership and management structure.
- Ensured continuity in the Finance Department making sure that the 40 or so retail stores are adequately supported.

Financial Controller
December 2017 to June 2018

GHL Systems Philippines, Inc.
6F One-Corporate Plaza, 645 Arnaiz Avenue, Makati City

- Decide/Recommend funding sources, investments, as well as fund allocations, determining the best mix of debt, equity and internal financing taking into consideration Capex of upwards of Php 50 Million per quarter.
- Created financial models and forecasts factoring in multiple possible scenarios, including simulations for an investment of (+/-)Php 200M with variable ROIs
- Initiated and completed the catch-up on financial and transactional reports, projects and initiatives, as well as implementing changes that streamlined processes in reporting, collections, and revenue recognition. Instituted changes as well to Third Party Acquiring and Settlement (one of the core businesses) processes to ensure revenues are properly recognized, and obligations to clients (merchants) meet SLAs and agreed TATs.
