With over 15 years of experience as a Certified Public Accountant, I combine strategic leadership with strong technical accounting expertise across financial management, and general accounting. I am known for leading teams, improving processes, and driving results through sound analysis and effective decision-making. With extensive experience in systems such as QuickBooks, Xero (Certified Advisor), Zoho Books, and customized ERPs, I deliver accurate reporting and meaningful financial insights that support strong business decisions.

PROFESSIONAL EXPERIENCE

Abacus Avenue Property Management • New Jersey, USA • July 2022 to Present

A property management company that manages rental properties and Homeowner associations in New Jersey, USA.

Property Accountant Team Lead

- Oversee daily accounting operations across multiple properties (residential, commercial, or mixed-use), ensuring accurate recording of revenues, expenses, accruals, and intercompany transactions. Prepare and review monthly, quarterly, and annual property-level and consolidated financial statements, and manage efficient month-end and year-end closing processes.
- Oversee end-to-end Accounts Payable and Accounts Receivable functions, ensuring timely billing, collections, vendor payments, reconciliations, tenant billing accuracy, rent roll reconciliation, and proper security deposit accounting.
- Develop and manage annual budgets for each property in collaboration with property managers and operations teams, monitor performance through variance analysis, and prepare accurate financial forecasts and cash flow projections to support planning and decision-making.
- Ensure full compliance with accounting standards, company policies, and regulatory requirements by maintaining strong internal controls, audit-ready financial records, and effective coordination with external auditors, tax consultants, and regulatory authorities.
- Lead, train, and manage accounting staff by assigning responsibilities, setting performance objectives, conducting evaluations, and driving continuous improvement in team performance, processes, and systems.
- Manage, optimize, and improve property management and accounting system (Buildium), implementing scalable process enhancements that increase efficiency, accuracy, and operational effectiveness.
- Prepare and review monthly financial reports of all the properties and associations.

Morey CPA • CA, USA • March 2024 to January 2026

FNNVGP LLC • Texas, USA • May 2022 to March 2024

Freelance Bookkeeper

- Collect, organize, and validate client financial records, including W-9, W-2, 1099s, and income statements, ensuring completeness and compliance.
- Prepare and support tax return filings for individuals (Form 1040), partnerships (Form 1065), and corporations (Form 1120S) using Drake tax software.
- Provide end-to-end bookkeeping, cleanup, and reconciliation services using QuickBooks Online and Desktop, Wave, and Excel, ensuring accurate records and audit-ready financial data.

AP Renewables Inc. • BGC Taguig, NCR • July 2019 to October 2022

A subsidiary company of Aboitiz Power, one of the largest Philippine power companies.

Financial Planning Specialist

Achievements

- Developed a centralized Google Sheets template that enabled real-time collaboration for Budget vs. Actual variance analysis, improving data accuracy and supporting monthly Operations Committee reporting.
- Enhanced the CAPEX tracking system, resulting in more reliable financial data, faster report generation, and improved investment monitoring.

Responsibilities

- Design and implement budgeting frameworks, processes, and reporting structures to support operational performance analysis and strategic decision-making.
- Prepare monthly management reports, including scorecard performance, budget utilization, and key financial metrics for executive review.
- Develop financial models for operational upgrades, expansions, and strategic initiatives identified by senior management.
- Lead budget preparation, financial trend analysis, and expense monitoring to ensure cost control and financial discipline.
- Prepare executive-level presentations for top management and the parent company.
- Facilitate orientations, workshops, and refresher sessions during budget cycles, mid-year forecasting, and monthly departmental expense reviews with department heads.

PROFESSIONAL EXPERIENCE

Yasui Asia Ltd. • Bangkok, Thailand • March 2018 to June 2019

A subsidiary company of Yasui & Co.(Y&C), one of the world's leading jewellery-making machine manufacturers. With a factory in Japan and a subsidiary all over the world. Trusted by the finest jewellery such as Pandora and Tiffany & Co.

Business Development Manager

Achievements

- Designed and implemented an Excel-based inventory management system to improve stock monitoring, reduce aging inventory, and enhance operational control.
- Developed automated Excel macros to accelerate report generation and data analysis, including inventory reports, general ledger, and trial balance, significantly improving reporting efficiency.
- Established a new inventory control framework to ensure complete accountability and accuracy of inventory records.
- Led the successful migration of Yasui Dubai's accounting data from an express accounting system to Zoho Books, enabling improved system reliability, accessibility, and financial visibility.

Responsibilities

- Ensure the accuracy, completeness, and integrity of all accounting data for Yasui Dubai within the accounting system.
- Prepare and present Yasui Dubai financial statements to Y&C management and subsidiary leadership teams.
- Manage customer issue resolution by coordinating with Y&C stakeholders to deliver timely and effective solutions.
- Oversee Yasui Thailand's daily purchasing, sales, and logistics operations to ensure operational efficiency and compliance.
- Drive continuous improvement initiatives across Yasui Thailand's purchasing, sales, and logistics processes to enhance performance and scalability.

Gigahertz Computer Systems • Manila, NCR • August 2016 to March 2018

One of the leading gadget retail stores and service centers in Luzon, employing more than 250 personnel.

Accounting Manager

Achievements

- Led the accounting department in clearing a one-year financial backlog within six months, restoring reporting accuracy and operational stability.
- Established a centralized reconciliation process for 44 bank accounts and cash flow forecasting, ensuring daily operational liquidity and financial control.
- Implemented standardized payroll entry processes within the accounting system to improve accuracy and efficiency.
- Developed a fixed asset tracking database and implemented acquisition procedures to strengthen asset control and accountability.
- Designed and institutionalized a structured month-end closing process to ensure accuracy, consistency, and reliability of financial statements.
- Developed Excel VBA automation scripts, saving approximately five person-hours daily while improving reporting accuracy.
- Designed and implemented rebate and promotional tracking processes to ensure accurate supplier rebate data capture.
- Led transaction investigations with a supplier, resulting in company savings of PHP 5 million.
- Became a system administrator for the company's accounting platform after mastering system operations.
- Learned and applied SQL to develop custom financial reports, eliminating external development costs and saving hundreds of thousands in fees.

Responsibilities

- Manage and oversee daily accounting operations, including Accounts Payable, Accounts Receivable, treasury, budgeting, and month-end/year-end closing processes.
- Ensure accurate and timely tax filings, payments, and statutory reporting to local government units and the BIR.
- Implement company policies, rules, and internal controls while overseeing staff discipline, performance management, training, and professional development.
- Review and validate monthly payroll reports to ensure the completeness, accuracy, and integrity of payroll records.

Subic Bay Development and Industrial Estate Corporation • Makati, NCR • November 2012 to July 2016

A well-established real estate company specializing in land development for leisure and recreation. Partnering with Ayala, they developed one of the finest leisure real estates in the Philippines, Anvaya Cove.

Accounting Manager (June 2015 to July 2016)

Accountant (November 2012 to May 2015)

Achievements

- Self-taught Excel VBA and developed automated bookkeeping tools to streamline data entry, financial statement preparation, and reporting processes.
- Enhanced the bank reconciliation process by implementing a proof-of-cash methodology, ensuring complete reconciliation of receipts and disbursements.
- Established the company's employee loan policy and supporting financial processes.
- Led the successful transition of company financial data from Excel to QuickBooks Desktop (2012–2016), improving system integrity and reporting reliability.
- Proposed and implemented a self-funded employee healthcare program, generating annual savings of over PHP 100,000 and enabling the establishment of the company's employee retirement plan.

PROFESSIONAL EXPERIENCE

Responsibilities

- Managed daily accounting operations, including Accounts Payable, Accounts Receivable, treasury, budgeting, and month-end/year-end closing processes.
- Verified BIR returns for accuracy prior to EFPS filing, ensuring tax compliance and reporting integrity.
- Supported financial planning initiatives and produced weekly and monthly financial reports, including balance sheets and profit and loss statements.
- Implemented company policies, internal controls, and operational procedures while overseeing staff discipline, performance management, training, and development.
