PROFESSIONAL EXPERIENCE

Accounting Manager

March 16, 2021 - Present

BDO Life Assurance Company Inc.

45F BDO Corporate Center Ortigas, Mandaluyong City, Philippines

Functions:

1. Sales Compensation and Payroll Accounting
 - Direct the end-to-end sales compensation payroll for a 1,000+ member Bancassurance sales force, ensuring accuracy and timely disbursement.
 - Spearheaded and updated comprehensive payroll guidelines and standard operating procedures (SOPs) to standardize workflows and ensure compliance with evolving corporate policies.
 - Analyze comparative payroll reports to identify trends, providing senior leadership with data-driven insights into sales compensation expenses.
 - Manage sensitive employee data with strict confidentiality, overseeing separation inquiries and payroll adjustments with high professional discretion.
2. Process Automation
 - Championed process automation and system enhancements, reducing manual errors and significantly improving the efficiency of the compensation and commission lifecycle.
3. Commission Accounting and Management
 - Lead the computation and validation framework for Service Fees and Broker Commissions, ensuring precise payouts and transparent Statement of Account (SOA) reporting.
 - Manage strategic relationships with external brokers, sales force and independent financial advisors, resolving complex payout inquiries and facilitating seamless financial coordination.
4. Regulatory Reporting
 - Execute high-level oversight of reporting and Annual Statement schedules to meet stringent regulatory and internal requirements.
 - Managed the BIR Disbursement Book to ensure accurate recording of financial outflows and audit-proof documentation.
 - Collaborate with Legal & Compliance to prepare and submit Anti-Money Laundering Act (AMLA) covered transaction reports, maintaining regulatory standards.
5. Financial Control and Audit Management
 - Spearheaded audit readiness by serving as the primary liaison for internal, external, group and state auditors, to achieve clean audit results for all sales compensation and payroll accounts.
 - Answered and resolved complex audit inquiries, providing technical explanations and data-driven responses to streamline examination process.
 - Liaised with auditors, preparing complex schedules and documentation to ensure a transparent and deficiency-free audit process.
6. Account Reconciliation
 - Managed the end-to-end reconciliation process for Balance Sheet and Profit & Loss accounts related to commission and compensation, resolving discrepancies and maintaining accurate financial records within the General Ledger.
7. Expense and Disbursement Management
 - Directed the end-to-end administration of Bancassurance allowances and reimbursements, ensuring all claims were backed by complete documentation and met corporate compliance standards.
 - Validated and authorized high-volume payout requests for communication and transportation, maintaining accuracy in the disbursement of sales force benefits.
 - Optimized financial record-keeping by overseeing the accurate recording of accounting journal entries and the systematic liquidation of expenses.

- Facilitated cross-departmental coordination between the HR and bancassurance administrative support to resolve pending allowances and mitigate payout delays.
8. Cashiering and Collection Management
 - Strengthened financial controls by conducting rigorous daily reviews of collection reports and auditing weekly petty cash counts to mitigate leakage.
 - Authorized high-value collection reversals and cancellation requests, ensuring all transactions were substantiated by proper documentation and policy compliance.
 9. Accounts Payable Management
 - Lead the General Accounting Payables unit, overseeing the full-cycle disbursement process for vendor/supplier invoices and insurance policy disbursements for accuracy and strict compliance with the corporate policy.
 - Managed comprehensive vendor onboarding, ensuring compliance with corporate governance, tax requirements and internal audit standards.
 - Managed banking relationships and authorizations, liaising with authorized bank signatories to facilitate timely approval and execution of high-volume payout transactions.
 - Approved and authorized disbursements within the specialized Insurance Accounting Software serving as a key gatekeeper for financial accuracy and data integrity.
 - Maintained strict standards to guarantee the integrity of the general ledger by overseeing the accurate recording of the journal entries and month-end reconciliations.
 - Spearheaded process improvements and risk control initiatives, modernizing disbursement guidelines and simplifying workflows to enhance operational efficiency.
 10. Financial Governance and General Ledger Integrity
 - Performed month-end closing activities, including the precise recording of journal entries and rigorous reconciliation of Accounts Payable, Cash-in-Bank, and Profit & Loss accounts.
 - Safeguarded ledger accuracy by performing comprehensive monthly audits of account schedules, clearing outstanding items, and ensuring precise GL mapping.
 11. Cash Advance Management
 - Managed the end-to-end cash advance lifecycle, from initial request review to final liquidation, ensuring documentation completeness.
 - Validate cash advance liquidations for strict adherence to corporate expense policies and regulatory compliance as well as the completeness of the supporting documents
 - Executed precise accounting journal entries to ensure accurate General Ledger mapping and timely financial closing.
 12. Bank Incentives and Rewards Program Management
 - Facilitated communication across diverse bank branches and marketing department to ensure seamless execution of bank-wide rewards and incentive programs.
 - Enforced quality control by auditing rewards and incentives payout request against project briefs and corporate policy, ensuring complete adherence to contest criteria and internal guidelines
 13. Management Reporting and Analysis
 - Prepared Quarterly Payable and Disbursement Reports for management, providing actionable insights into cash flow and departmental spending.
 - Handled risk control functions, proactively identifying and mitigating potential gaps within the disbursement accounting cycle.
 14. Taxation
 - Managed the accurate calculation and verification of withholding taxes for vendors, brokers and agents to ensure full regulatory alignment

Accounting Manager

April 1, 2019 – March 15, 2021

Allianz PNB Life Insurance, Inc. (Formerly PNB Life Insurance, Inc.)

10F Allied Bank Center, Ayala Ave., Makati City, Philippines

Functions:

1. Collection Accounting and Management
 - Lead the premium collection accounting operations, ensuring the absolute integrity, accuracy, and timely processing of all uploaded financial data.
 - Served as the final authority for the validation and approval of collection reports, maintaining rigorous standards for financial transparency.
 - Acted as the primary lead for dispute resolution, proactively identifying and resolving complex collection discrepancies to ensure seamless revenue recognition.
 - Optimized the reconciliation process by enforcing strict controls over premium accounting, reducing errors and streamlining reporting cycles.
2. Insurance Accounting and Reporting
 - Lead the Policy Accounting Team, maintaining full oversight of insurance transactions, financial reporting, and complex process management.
 - Championed a culture of professional growth through the active coaching and mentoring of associates, enhancing team technical proficiency and performance.
 - Managed regulatory compliance by leading the preparation and submission of comprehensive Annual Statement reports, schedules, and exhibits.
3. Investment Accounting and Controls
 - Enforced investment controls by validating the propriety and completeness of accounting records, ensuring full alignment with corporate governance standards.
 - Managed the investment risk control function, identifying potential discrepancies and implementing safeguards to protect asset integrity.
 - Authorized and approved investment reports, providing senior leadership with accurate data for strategic decision-making.
 - Maintained oversight of the investment ledger, ensuring all entries reflected current market positions and met regulatory compliance requirements.
4. Disbursement / Payout Approval and Financial Controls
 - Exercised approval authority of payout requests, ensuring all disbursements complied with internal governance and regulatory standards.
 - Secured company liquidity by authorizing fund transfers and cheque payouts after validation of supporting documentation.
 - Mitigated financial risk by performing detailed reviews of payment requests to prevent fraudulent activity and ensure disbursement accuracy.
 - Streamlined payout workflows, maintaining a balance between stringent audit controls and the timely execution of financial obligations.
5. Digital Transformation
 - Spearheaded digital transformation by integrating Process Automation and Robotic Process Automation (RPA) into policy accounting workflows, significantly increasing operational efficiency.

Assistant Accounting Manager

November 1, 2017 – March 31, 2019

Allianz PNB Life Insurance, Inc. (Formerly PNB Life Insurance, Inc.)

10F Allied Bank Center, Ayala Ave., Makati City, Philippines

Functions:

1. Insurance Accounting and Management
 - Spearheaded the reconciliation of suspense and policy-related accounts, implementing cleanup procedures to ensure alignment with established policy parameters and regulatory standards.
 - Engineered pro-forma accounting frameworks for new product launches and fund offerings, establishing standardized entry protocols that ensured accurate financial reporting from day one.
 - Directed month-end trial balance integrity reviews, performing deep-dive investigations into assigned accounts to identify and rectify variances during the month-end closing cycle.
 - Collaborated with Operations teams to accelerate the resolution of policy-related transactions, significantly reducing turnaround times and improving data accuracy.
2. Financial Reporting and Financial Integrity
 - Lead the validation of Core System data, performing reconciliations of Trial Balances, reports, and data extracts to guarantee financial accuracy.
 - Driven regulatory compliance by performing the preparation and technical review of Exhibits and Schedules for the Annual Statement.
 - Managed reporting calendars, ensuring on-time submission of policy-related accounting reports and complex account schedules.
 - Delivered actionable insights through the development of ad-hoc financial reports, translating core system data into meaningful analysis for executive decision-making.
3. Claims and Reinsurance Management
 - Ensured financial integrity of claims operations by performing rigorous verification of claims reports for completeness, data accuracy, and regulatory compliance.
 - Optimized the recording of reinsurance transactions, maintaining an accurate ledger to ensure all recoveries and liabilities were captured in real-time.
 - Modernized claims reporting workflows to consistently delivering Claims Schedules and Reports ahead of month-end and year-end deadlines.
4. Process Optimization and Efficiency
 - Spearheaded continuous improvement initiatives by performing deep-dive review of accounting workflows to identify and eliminate operational bottlenecks.
 - Engineered process simplifications and policy updates that enhanced data integrity and reduced manual processing time.
 - Partnered with IT and Business Analysts to translate complex accounting requirements into functional digital solutions and system enhancements.
5. Regulatory Reporting
 - Managed the end-to-end preparation of the Annual Gross Receipts reports ensuring timely and accurate filing with the local government units.
 - Spearheaded the identification and reporting of Covered Transaction Reports ((CTR) to the AMLC in strict compliance with regulatory frameworks.
 - Prepared comprehensive schedules and exhibits for the Annual Statement ensuring compliance with Insurance Commission (IC) reporting standards.

Accounting Supervisor

August 1, 2014 – October 31, 2017

Allianz PNB Life Insurance, Inc. (Formerly PNB Life Insurance, Inc.)

10F Allied Bank Center, Ayala Ave., Makati City, Philippines

Functions:

1. Insurance Accounting
 - Lead monthly financial closing for insurance operations by meticulously reviewing policy transactions and reconciling the Core System Trial Balance with granular transaction data.
 - Managed Variable Life and Unit-Linked (UL) accounting, performing complex month-end revaluations based on foreign exchange (Forex) volatility and updated Fund Reports.
 - Engineered accounting infrastructure for business expansion by developing pro-forma entries, analysis codes, and general ledger structures for new product launches and fund offerings.
 - Oversaw Claims Accounting and Accruals, validating claims reports to ensure precise financial positioning and adherence to statutory reporting standards.
 - Optimized data integrity between core insurance systems and the general ledger, proactively identifying and resolving data discrepancies during the reconciliation process.
2. Financial Reporting
 - Prepared Asset-Liability account schedules and collaborated with Operations to resolve discrepancies and ensure data cleanliness.
 - Produced comprehensive Annual Statement schedules and exhibits, maintaining strict adherence to regulatory requirements and statutory reporting deadlines.
 - Delivered localized financial insights by preparing Gross Receipts Reports per branch, enabling precise regional performance analysis.
3. Bank Reconciliation
 - Supervised the bank reconciliation function, maintaining rigorous oversight to ensure the accuracy and completeness of all cash accounts.
 - Managed end-to-end reconciliation workflows, identifying and resolving complex reconciling items to ensure timely month-end closing.
 - Served as a technical escalation point, providing hands-on support and expert guidance to the reconciliation team to troubleshoot data discrepancies and banking issues.
 - Performed financial controls, conducting final reviews of reconciliation reports to mitigate risk and ensure alignment with general ledger balances.
4. Bookkeeping
 - Developed and implemented standardized accounting entry frameworks and pro-forma models for new product launches ensuring alignment between operational workflows and financial reporting standards.
 - Managed the systematic review, approval and posting of monthly journal entries, maintaining internal controls and data validation protocols to meet reporting deadlines.
5. Taxation
 - Directed the validation and reconciliation of the Documentary Stamp Tax and Premium Taxes ensuring accuracy in the tax applications for all premium collections and maintaining full regulatory compliance.

Senior Accountant

November 1, 2011 – July 31, 2014

Allianz PNB Life Insurance, Inc. (Formerly PNB Life Insurance, Inc.).

10F Allied Bank Center, Ayala Ave., Makati City, Philippines

Functions:

1. Financial Reporting
 - Managed Intercompany Transaction Reporting to PNB, maintaining seamless financial alignment between the PNB life insurance subsidiary and the parent bank.
 - Facilitated Asset-Liability Management (ALM) by preparing complex account schedules and partnering with Operations to resolve reconciling items and remarks.
2. Insurance Accounting Management
 - Ensured tax compliance by performing reviews of Documentary Stamp Tax (DST) and Premium Tax computations for all policy transactions.
 - Optimized data integrity within the Core System by validating the accuracy of policy-related accounting entries and reconciling subsidiary ledgers with the Trial Balance.
 - Governed Variable Life Policy accounting, managing the preparation of specialized accounting entries for unit-linked insurance products.
 - Prepare accounting entries for Variable policy transactions
3. Collection Accounting
 - Directed the Daily Collection lifecycle, serving as the final reviewer for collection reports and providing high-level backup support for the Senior Collection Associate.
4. Budgeting and Forecasting
 - Drove cost-efficiency through Expense Variance Analysis, providing departmental heads with actionable insights into budget deviations and spending patterns.
 - Orchestrated the preparation of comprehensive monthly budget reports across all corporate departments, ensuring alignment with organizational financial goals.
 - Performed monthly budget reviews and cross-functional meetings with department heads to substantiate and provide data-driven explanations for budget deviations
 - Rigorously monitored the departmental spending to identify and categorize expenses as budgeted, unbudgeted or exceeding allocations, facilitating proactive cost management.
5. Non-Premium Accounting
 - Controlled Non-Premium expenditures, validating accounting entries for cash advance liquidations, corporate marketing initiatives, and licensing fees to ensure proper and timely recording.

Junior Accountant

November 11, 2008 – October 31, 2011

Allianz PNB Life Insurance, Inc. (Formerly PNB Life Insurance, Inc.)

10F Allied Bank Center, Ayala Ave., Makati City, Philippines

Functions:

1. Bank Reconciliation and Cash Management
 - Directed the full-cycle bank reconciliation process for corporate payouts and collections, maintaining transparency between company ledgers and bank statements.

- Resolved outstanding reconciliation items by collaborating with bank representatives to identify and clear long-standing discrepancies.
- 2. Investment Accounting
 - Ensured investment accuracy through the timely and precise recording of placement and withdrawal transactions.
- 3. Financial Accounting and Reporting
 - Produced segmented financial reports by business line and regional center, providing key insights into departmental performance.
 - Managed month-end closing activities, including the preparation of policy-related journal entries and validation of core system transactions.
 - Facilitated balance sheet integrity by reconciling complex suspense and policy account schedules against the Trial Balance.
- 4. System Development and Methodology
 - Spearheaded the Julia System development project for variable products, defining pro-forma accounting entries and logic.
 - Executed User Acceptance Testing (UAT) and system validation, ensuring new accounting modules met functional requirements and financial controls.
 - Partnered with IT and external consultants to bridge the gap between technical system design and accounting operational needs.

Finance Analyst – Account Receivables

December 17, 2007 – November 10, 2008

Perez, Sese, Villa & Co., CPA

Intramuros, Manila, Philippines

Deployed to: Coca Cola Bottlers Philippines

1890 Paz Guazon St., Mendiola Extension, Metro Manila, Philippines

Functions:
