

Fernando ESPINEDA

EXECUTIVE: BUSINESS FINANCE & ACCOUNTING/ GENERAL MANAGEMENT

WORK EXPERIENCE

GROUP CHIEF FINANCE OFFICER

RHODIUM 688 BUILDERS, INC. | Pasig City | Oct 2024 - Dec 2025

- Served as Group Chief Finance Officer of Rhodium Builder's Group, an organization primarily engaged in building and infrastructure construction, with full ownership of subsidiaries including Net Global Services, Inc.; Rhodium Regenerative Institute; Duco Trading; and 180 Degrees Restaurant.
- Developed functional strategies to optimize company profitability through the implementation of effective cost controls, comprehensive and timely Financial Planning & Analysis (FP&A), adoption of current market trends and competitive intelligence, cost-effective logistics (materials, equipment, and personnel) utilization, effective tax strategies, and diligent receivables management. These initiatives were designed to generate actionable insights and inform the strategic direction of the companies.
- Diligently safeguarded company resources by implementing robust internal and process controls. Promoted adherence to industry best practices in treasury management and procure-to-pay processes, with a focus on minimizing risk while achieving optimal materials inventory levels.
- Facilitated and established best-in-class record-to-report accounting methodologies to achieve optimal outcomes in terms of timeliness, reliability, and compliance with Philippine Financial Reporting Standards and/or International Financial Reporting Standards.
- Managed capital sufficiency through effective liquidity management, timely debt restructuring and facilitation of optimal financing alternatives within and outside the established network of banking and financial institutions.

GROUP CHIEF FINANCE OFFICER & TREASURER

SPIDTREX HOLDINGS CORPORATION | Makati City | Apr 2022 - Sep 2024

- Acted as Group Chief Finance Officer and Corporate Treasurer of a foreign-owned, Philippine registered company which owns substantial interest in five other local companies, namely - First Pangasinan Properties Development Corporation; Uni-linkland Properties, Inc.; President Properties Corporation; Westph Holdings, Inc. & Lifeform Bottling Corporation.

The above Operating Companies are well positioned (post acquisition of more than 500 hectares of land in North Luzon and Greater Manila Area) to roll out three initial projects, namely: A Light Industry Park hosting company-owned locators (manufacturing of downstream petrochemical products) and third-party locators with Port Operations in Bolinao, Pangasinan; A High-rise Mixed Used Development at Bacoar, Cavite; and a maiden venture to FMCG via a select SKU's of a range of Bottled Water Products. Future plans include an Eco-tourism and Wellness Estate/ Townships in the distinguished provinces of Alaminos and Sual, both in Pangasinan.

- Designated Chief Finance Officer of a Singapore registered company, namely Marguis International Investment Pte., Ltd., with the main responsibility of representing the interest of the "Ultimate Beneficial Owners" of the company and ensuring regulatory and fiscal compliances.
- Co-led the land/property acquisition of the company from identification of potential properties for development, pre-evaluation, purchase, title transfer execution, purging of informal settlers to pre-development planning.
- Reviewed project feasibility studies for acquired properties and JV proposals.
- Ensured the financial soundness of all financial reports and systems of all subject companies.
- Diligently monitored the liquidity status of each companies with pro-active anticipation of urgent funding requirements.
- Reviewed and approved all financial reports, purchase orders, service contracts, check disbursements and expenses of the above-said business organizations.
- Devised efficient tax strategies covering all companies (domestic and foreign) design for full compliance and cost optimization.

ABOUT ME

An accomplished Career Executive in Finance and Business Management, characterized by a deliberate, meritocratic ascent through progressively senior leadership roles, marked by disciplined execution, expanding strategic remit, and sustained value creation—culminating in the highest decision-making position within one's domain of expertise and sphere of influence.

Has substantively acquired expertise from over 31 years of relevant work experience from leading banking, ICT & BPO, FMCG manufacturing, hospitality, pharmaceutical, health & wellness, construction and most significantly from real estate development companies.

- Proven abilities from experiential skills in business and financial reporting management, FP&A, financial feasibility studies, taxation, internal audit, human resources management, procurement & logistics, business sustainability and resiliency planning, fund sourcing (financing), investment and capital allocation, merger and acquisitions, property development, property accounting and management, project management, market research analysis, environment-social-governance implementation, risk assessments and mitigation, and other strategic business resolutions.
- Led and developed finance and accounting teams in the outstanding delivery and attainment of KPIs and KRAs in both shared services and client-facing capacities.
- Have established high-level rapport with local government agencies and intermediaries critical in the eco-systems affecting the business organization.
- Steered cross-functional teams (HR People & Culture, IT, Sales and Marketing, Operations, Engineering and Design, Legal, Procurement and Logistics) towards

accomplishment of collective tasks and other significant corporate mandates.

- Possesses an enduring intellectual curiosity and progressive mindset that transcends prior success, characterized by a continual pursuit of knowledge, an openness to disruptive ideas, and a disciplined willingness to adopt and operationalize emerging technologies—ensuring sustained relevance, innovation, and leadership in an evolving business landscape.
- Acquired the ability to operate with fluency and authority across local, regional, and global business environments, consistently aligning diverse regulatory, cultural, and commercial contexts into coherent, value-accretive strategies—while delivering sustained results within multinational, cross-border, and complex organizational structures.
- Had the rare opportunity to extensively perform and excel in Building/ Estate Management Operations as General Manager of an Office-Commercial Building.
