PROFESSIONAL SUMMARY

Certified Public Accountant with 14+ years of leadership experience in tax, accounting, audit, advisory, and systems implementation across property management, holding companies, energy (fuel and renewables), shared services/ROHQ, and professional services. Known for optimizing financial processes, strengthening internal controls, and driving strategic initiatives that improve compliance, efficiency, and decision-ready reporting. Strong track record in tax savings initiatives, BIR audit defense and assessment resolutions (LOA/NOD/PAN/FAN/FLD), and end-to-end statutory compliance for national and local taxes (CIT, VAT, EWT, DST, LBT, RPT). Experienced in BOI/PEZA incentive optimization, cross-border/ROHQ transactions, and strategic tax structuring and risk mitigation. Committed to continuous professional development and values-driven leadership, and currently seeking opportunities to contribute across accounting, tax, finance, and technology transformation.

| • Strategic Advisory & Business Structuring | |

PROFESSIONAL EXPERIENCE

SEAOIL Philippines, Inc.

Senior Manager – Accounting and Tax for Affiliates

May 2024 – Present | Pasig, Philippines

- Led monthly, quarterly, and annual financial reporting processes, ensuring accuracy, completeness, and alignment with audited financial statements and board-level reporting requirements.
- Oversaw preparation and review of financial statements, trial balances, and reconciliation schedules while strengthening internal controls through structured review frameworks.
- Standardized accounting workflows to reduce rework, improve review efficiency, and enhance reporting reliability.
- Spearheaded tax-saving initiatives by identifying structural, contractual, and compliance-based opportunities to optimize Corporate Income Tax, VAT, and Expanded Withholding Tax exposures.
- Conducted scenario analyses on lease structures, service arrangements, and intercompany transactions to reduce tax leakages and improve cash flow.
- Strengthened tax review procedures to prevent double withholding, misclassification, and over-remittance issues.
- Led handling of BIR audits and letters, developing reconciliation schedules, position papers, and legal arguments to defend tax positions and minimize assessment exposure.
- Coordinated directly with BIR examiners and external advisors to resolve assessments and improve audit response timelines through centralized documentation frameworks.
- Proactively identified exposure areas prior to formal findings, reducing assessment risks and strengthening audit readiness.
- Redesigned accounting and tax process flows to improve efficiency, documentation quality, and compliance monitoring.
- Implemented and optimized accounting and tax systems to automate reconciliations, tax return preparation, compliance tracking, and deadline monitoring.

- Introduced digital documentation and workflow automation tools that improved turnaround time for tax filings and audit support requirements.
- Led and mentored accounting and tax professionals, establishing clearer accountability structures and standardized review templates to enhance output quality and consistency.
- Fostered a proactive compliance culture focused on risk anticipation and continuous process improvement.

Vena Energy Shared Services Pte. Ltd. ROHQ

Accounting Control & Tax Manager

Aug 2022 – Mar 2024 | Makati, Philippines

- Led statutory tax compliance and accounting controls for renewable energy entities (solar/wind), ensuring timely and accurate national/local tax filings and supporting month/quarter/year-end close reviews.
- Led end-to-end handling and resolution of BIR audits and statutory assessments, responding to inquiries/notice letters and resolving discrepancies through reconciliation, substantiation, and audit defense.
- Spearheaded BOI fiscal incentive implementation and optimization (ITH, 5% GIE, VAT zero-rating, duty-free importation), ensuring compliance and preservation of benefits.
- Led VAT refund claims for importations and zero-rated local purchases under incentive regimes, managing documentation, substantiation, and BIR audit validation to secure input VAT recovery.
- Supported complex engagements (corporate restructuring, tax due diligence), providing technical advisory aligned with renewable energy requirements.
- Monitored tax and regulatory developments (renewables/incentives) and advised management and regional controlling on implications and strategic positioning.
- Drove tax and accounting process improvements (workflow redesign, documentation standardization, control strengthening) while mentoring team members and co-managing outsourced providers to improve efficiency and output quality.

IGD & Associates

Director – Tax & Accounting Services

Jul 2017 – Jul 2022 | Manila, Philippines

- Directed accounting and tax compliance division and engagements for diverse clients.
- Implemented accounting software and tax compliance systems for clients to improve reporting accuracy, timeliness, and efficiency.
- Spearheaded client transitions from manual bookkeeping to cloud/ERP accounting platforms, strengthening controls and management reporting.
- Developed tax planning strategies and led BIR audit defense engagements, including reconciliation schedules and position support.
- Standardized firm-wide templates, review checklists, and workflow tools to increase output quality and reduce rework.

IGD & Associates

Senior Associate

May 2012 – Jun 2017 | Manila, Philippines

- Managed audit and tax engagements across multiple industries.
- Supervised preparation and review of corporate tax returns and supporting schedules.
- Coordinated directly with BIR officers on compliance matters and documentary requirements.
- Prepared financial statements and performed internal audit procedures.

EDUCATION & CERTIFICATION

Bachelor of Science in Accountancy

Polytechnic University of the Philippines – Sta. Mesa, Manila | 2008 – 2012

Certified Public Accountant – Philippines | 2012 – Present
